Eisenhower Matrix - Olivia Rutkowski

	Urgent	Not Urgent
Important	**Do MVP:** - Command line interface - Generates vegan weekly meal prep plan & ingredients to get (grocery list) based off given budget & current ingredients - Local json/library database for the recipes as output	**Schedule (For V2.0+):** - website/app instead of command line - Price estimation for grocery list (connect to local grocery stores database)
Not Important	**Delegate (Use a Library):** - Json database - Recipe export to text files in java	**Delete (Cut it):** - AI-powered (AI generates meal ideas)
